This document transmits final Change 1, OSWER Directive 9200.3-14-1G-S, "Superfund Program Implementation Manual (SPIM)," Fiscal Year (FY) 2008/2009.

DOCUMENT

The FY08/09 SPIM was published in March 2007, and this is the first change. Please see the attached Change Log for a description of the changes. The proposed change contained SDMS text changes, which are withdrawn for now and are planned to be re-proposed in Change 2 to this SPIM, for a possible second quarter release. Also, please note that recently issued Change 4, FY06/07 SPIM, is carried forward to the FY08/09 SPIM, in this change. Change 4 is a one paragraph change to Appendix C, *Management of Special Accounts* which details recent, new developments in CERCLIS.

IMPACT ON CERCLIS

Please see attached Impact Analysis.

ACTION

The SPIM is in a loose leaf, three ring binder format. Please remove the old materials from your FY08/09 SPIM and insert the attached new materials. Changed or added text is redlined to assist you in identifying the changes. Addressees, also, will be sent new *Adobe* (pdf) files. If you have specific program questions, please contact the Subject Matter Expert identified on the change log or the last page of each section of the SPIM. Please contact Robert White (703-603-8873) for general SPIM questions. The FY08/09 SPIM is @ <http://www.epa.gov/superfund/action/process/spim08.htm> . The new materials will be installed on the internet in approximately 5 - 10 workdays.
